1st Umami: Glutamate
(found in many foods)

2nd Umami: Inosinate
(found in meats, fish)

Synergistic Umami

Glutamate x Inosinate

= 8 times Umami

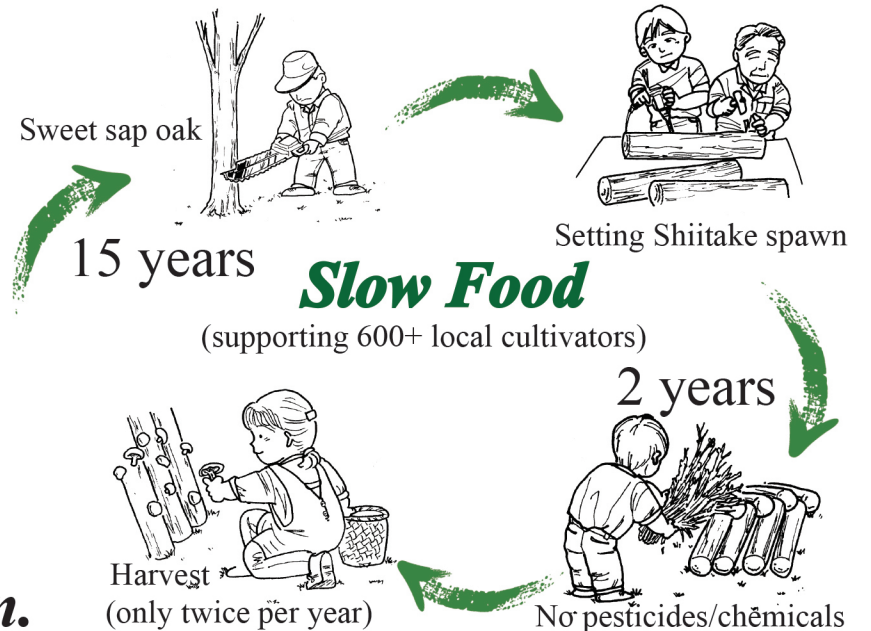

Glutamate x Inosinate x Guanylate

= 30 times Umami !!

3rd Umami: Guanylate
(found in Dried Shiitake)

The SUGIMOTO WAY!

Seedlings will directly re-grow from tree stumps.
Also, regular cutting promotes healthy undergrowth for better erosion control.
